

SMART ESTATE & BUSINESS PARK MONITORING
Smart Detection – Crime Prevention – Drop your Guard

HOW DOES IT WORK?

Systems and Cameras are programmed to detect exceptions and intrusions.

We verify the alerts and escalations.

Escalations actioned and Responders are dispatched
Communication on Smart Apps.

WHO INSTALLS THE CAMERAS AND SOFTWARE?

- **Verifier refers accredited installation companies** in order to ensure the desired results.
- A nominal license fee per License Plate(LPR) camera is included in the monitoring fee where applicable.
- Your required internet breakout capacity is dependent on the system and number of cameras.

WHY USE VERIFIER?

- Verifier are the **leaders** in the field, with the results and long list of satisfied clients to prove this.
- We provide **24/7 virtual guarding** on your perimeter using analytics to alerts for violations
- Verifier provides an invaluable preventative **early warning** service.
- Our specialist service is **cost effective** and allows for **guard replacement**.
- Verifier is an **independent** monitoring service with strong links to the Authorities and Community structures.
- We help ensure **performance** of your local Security Service Provider.
- We further mitigate the risk of site security **collusion** with organised crime syndicates.
- Our LPR system communicates with multiple **hot list** databases in real – time, providing us with maximum alerts. **Clean data** is maintained and shared with all of our clients – increasing the covered footprint.
- We arrange **clearances and training** on localised investigations for your Security Management.
- PSIM Systems are tailor made to match your requirements and budget – **various offerings** available.
